**SECTION 00110**  
**PROPOSAL SUBMISSION AND EVALUATION**

**1. INTRODUCTION.**

**1.1.** Your firm is invited to submit a proposal in response to Request for Proposal No. W912DW-04-R-0011 entitled '**Snoqualmie River Project – Bridge & Trestle Demolition, Snoqualmie Falls, King County, Washington.**' Prospective offerors are required to prepare and submit proposals that will be evaluated in accordance with this section of the solicitation. In accordance with Federal Acquisition Regulations (FAR), Part 15.101-2, proposals will be evaluated using the lowest price technically acceptable source selection process. The evaluation process will be to first determine those proposals that are technically acceptable and then from those proposals determine which firm is the lowest price. The firm offering the **lowest price technically acceptable offer will be awarded the contract.**

**1.2.** It is the intent of the Government to make award based upon initial offers, without further discussions or additional information. Therefore, proposals should be submitted initially on the most favorable terms from a price and technical standpoint. Do not assume you will have the opportunity to clarify, discuss or revise your proposal.

**1.3. Project Description** The Seattle District US Army Corps of Engineers has a requirement to do bridge and trestle demolition at the Snoqualmie River Project, Snoqualmie Falls, Washington. The project consists of demolition of approach trestle and pilings, timber bridge piers, and steel truss bridge.

**2. EVALUATION FACTORS.**

**2.1. Technical Evaluation Factors.**

**2.1.1. The technical evaluation factors** identified below will be evaluated on an ACCEPTABLE/NON-ACCEPTABLE basis only:

- 2.1.1.1.** Relevant Experience of Firms Proposed
- 2.1.1.2.** Qualifications of Proposed Key Team Members
- 2.1.1.3.** Past Performance, Customer Satisfaction, Timely Performance
- 2.1.1.4.** Extent of Small Business Participation

**2.2. Basis of the source selection evaluation** - This Section establishes the method to be implemented with regard to the evaluation of the proposals. Evaluation is to be based exclusively on the merits and contents of the proposal and any subsequent discussions required. Offerors not meeting the minimum requirements of *all* technical evaluation factors shall be determined to be **NON-ACCEPTABLE** and will not be considered for award. Technical Proposals will be evaluated on an **ACCEPTABLE** or

**NON-ACCEPTABLE** basis only. Proposals must set forth full, accurate, and complete information as required by this RFP. Absence of information will be deemed as if no support for that factor was provided. Award will be made to the lowest price technically acceptable offeror.

### **2.2.1. Technical Evaluation Ratings - Definitions**

**2.2.1.1. Acceptable:** An acceptable rating indicates that the offeror has provided sufficient information to meet the **minimum** qualifications/standards described in the technical evaluation factor.

**2.2.1.2. Non-Acceptable:** A non-acceptable rating indicates that the offeror has not provided sufficient information to meet the **minimum** qualifications/standards described in the technical evaluation factor.

## **3. GENERAL SUBMITTAL REQUIREMENTS.**

**3.1. Proposals shall be submitted in two parts:** (a) **technical proposal**, and (b) **price proposal**. Each shall be submitted in a separate envelope or package with the type of proposal (i.e., technical or price) clearly printed on the outside of the envelope or package. The maximum number of pages in the technical proposal should not exceed 60 one-sided pages with a font size no smaller than 10 point. Offerors submitting proposals should limit submission to data essential for evaluation of proposals so that a minimum of time and moneys are expended in preparing information required by the RFP. Proposals are to be on 8 ½ x 11-inch paper, to the maximum extent practicable, and submitted in standard letter (8½ x 11-inch) hardback loose-leaf binders. Contents of binders shall be tabbed and labeled to afford easy identification from the proposal Table of Contents. No material shall be incorporated by reference or reiteration of the RFP. Any such material will not be considered for evaluation. It shall be presented in a manner which allows it to "STAND ALONE" without need for evaluators to reference other documents. Table of Contents, Index Tabs, and Photographs **will not** be considered a page. Unnecessarily elaborate brochures or other presentation materials beyond those sufficient to present complete and effective responses are not desired and may be construed as an indication of the Offeror's lack of cost consciousness. Penalty for making false statements in proposals is prescribed in 18 U.S.C. 1001.

**4. MINIMUM SUBMITTAL REQUIREMENTS:** The following criteria will be utilized as evaluation factors for award. Contractors shall submit documentation to demonstrate they meet the requirements of the criteria listed below. An unacceptable determination on any one criterion will deem the entire proposal to be unacceptable.

**4.1. Relevant Experience of the firms proposed for the team with similar projects:** The Offeror shall submit projects demonstrating relevant experience. "Relevant experience" is defined as work ~~involving submerged rock and unclassified excavation near existing facilities, structures and public areas~~ involving removal of bridges over water, which is similar in scope, cost and complexity to the project in this solicitation. Using the format below, provide a list of at least three (3) specific projects that were completed within the last ten years. Start with the most recent and relevant projects and work backwards in time. The projects selected should clearly

demonstrate the capabilities of the Offeror in one or more of the areas listed in paragraph 4.1.1. Each of the areas listed in paragraph 4.1.1 must be demonstrated in at least one (1) of the projects selected.

**4.1.1 Examples of Relevant Experience:** Examples of relevant experience of the firm are projects including:

- a) Bridge demolition ~~in the State of Washington~~;
- b) Removal of pilings in submerged lands;
- c) Removal of bridges over water.

**At a minimum, for each project listed, provide:**

- 1) Project title and location
- 2) Dollar value of construction
- 3) Construction period (month/year start to month/year end)
- 4) Description of the project scope of work
- 5) Brief description of how the project is relevant, and meets the requirements of this RFP project.
- 6) Current primary point of contact for the customer (name, relationship to project, agency/firm, city and state, phone number).

**4.2. Qualifications of proposed key team members :** Provide qualifications, in the resume format given in paragraph 2.4 below, for the KEY individual team members proposed this project. The Key team members are those listed below. In addition, the Offeror must provide a concise summary of the duties and responsibilities for each of the proposed individuals that clearly indicates separate duties and responsibilities for each of the positions. Individuals may have more than one role. The proposal must clearly present the separate credentials for each position and each person performing the duties of the position to which they are identified. Resumes must include a minimum of three (3) examples of project experience and educational qualifications, where applicable. It is expected that the key individuals in your proposal will be the individuals who perform work under the contract. The Contracting Officer must approve substituted personnel. Resumes should be no more than two pages per individual and submitted in a format similar to the one shown below. At a minimum, resumes must be provided for the following individuals:

**4.2.1. Project Manager:** The Project Manager shall ~~have a degree in civil engineering, construction management, or engineering management with a minimum of five (5) years as a project manager on projects of the same scope, size and complexity as this solicitation be a construction person with a minimum of ten (10) years managing projects of the same scope, size and complexity as this solicitation. Experience must have occurred within the past ten (10) years.~~

**4.2.2. Contractor Quality Control (CQC) System Manager:** The CQC (Contractor Quality Control) System Manager shall be a graduate engineer, graduate architect, or a graduate of construction management, with a minimum of 5 years construction experience on construction similar to this contract or a construction person with a minimum of ten (10) years in related work. Experience must have occurred within the past ten (10) years.

**4.2.3. Project On-site Superintendent:** The Project Superintendent shall have no less than five (5) years experience as a project superintendent on construction projects of similar scope, size and complexity. The experience must demonstrate construction knowledge and ability to manage construction, including implementation of Erosion and Sediment Control Measures, within and adjacent to waters of the State of Washington, and be consistent with the type of construction provided for in this solicitation.

**4.2.4. Resume Format:**

Resumes are to be no more than two pages in length, and should include the following:

*Name and Title*

1. *Proposed Duties/functions for this project*
2. *Firm affiliation and years affiliated*
3. *Years of experience performing duties/functions as proposed for this project.*
4. *Education – school attended, degree, certification, year, and specialization*
5. *List of active registrations (professional or technical licenses/certifications)*
6. *Specific qualifications for this project*
7. *Projects worked on, including:*
  - Project title and location,*
  - Scope, size and complexity,*
  - Duties/functions,*
  - Date of project*
8. *Description of how each project submitted is relevant to the project to be constructed under this solicitation.*

**4.3. Past Performance of the Prime :** Past performance information should be provided for projects identified under Tab 1, **“Relevant Experience of the firms proposed for the team with similar projects”**. Past performance of the prime contractor will be evaluated using the CCASS database. All performance ratings for the past 7 years shall be considered. If an Offeror does not have past performance available in CCASS or wishes to augment the CCASS system ratings, the Offerors may ask customers to submit the Customer Satisfaction Survey found at the end of this section. For each project constructed for Private Industry, provide a completed Customer Satisfaction Survey for each applicable project constructed within the last seven (7) years. All Customer Satisfaction Surveys must be submitted to the Government from the customer or agency that is providing the information. Further instructions are found at the top of the Customer Satisfaction Survey. Only relevant projects should be included. A relevant project is one of the same scope, cost and complexity as this solicitation. Offerors wanting to review the CCASS ratings contained in the Corps of Engineers CCASS Database may request the information by fax on company letterhead at the following telephone-fax number: (503) 808-4596. The Government reserves the right to contact the evaluator on previous Government or Private Sector work to verify the Offeror’s construction experience. In the case of an Offeror without a record of past performance or for whom information on past performance is not available, the offeror **may not be evaluated as favorable or unfavorable** on past performance (see FAR 15.305(a)(2)(iv)). An overall rating of satisfactory or above on CCASS performance evaluations and an overall acceptable rating on Customer Satisfaction Surveys will be given an acceptable rating.

**4.3.1. Offeror submitted surveys.** Surveys submitted directly by the Offeror will not be considered. Please ensure envelopes containing surveys being submitted to this office do not contain the Offeror's return address.

**4.3.2. Customer Satisfaction Surveys.** At a minimum, no fewer than three (3) customer satisfaction surveys will be considered for the prime firm (i.e., the firm signing the Standard Form 1442, Solicitation, Offer and Award) for work not listed (i.e., civilian projects) in the Government CCASS system.

#### **4.4. Extent of Small Business Participation**

**Submittal Requirements:** No submittal required for this criterion. The Government will utilize performance evaluations contained in the Construction Contract Administration Support System (CCASS) to evaluate this criterion.

**Evaluation:** Firms will be evaluated for their past performance in subcontracting with Small and Small Disadvantaged Businesses. Firms will be evaluated based on the ratings received for item 16i, "Implementation of Subcontracting Plan" for performance evaluations retrieved from the CCASS system. Firms without any evaluations in the CCASS system, or for which this item is not evaluated (N/A) will receive an Acceptable (neutral) rating. Firms that are rated Satisfactory or higher for this item in CCASS report(s) will receive a rating of Acceptable. Firms that receive a rating below Satisfactory for this item in one or more CCASS reports will receive a rating of Non-acceptable for this criterion.

### **5. PROPOSAL CONTENTS/FORMAT.**

**5.1. Technical Proposal Format.** As a minimum, each copy of the technical proposal should contain the information and follow the general format specified below. Pages should be numbered from beginning to end, without repeating for new sections.

**5.2. Technical Proposal Format-** Five (5) sets required, **original plus four (4) copies**

#### ***TECHNICAL PROPOSAL FORMAT***

**5.5.2. Bid Bonds** - Bid Bonds must be accompanied by a Power of Attorney containing an original signature from the surety, which must be affixed to the Power of Attorney after the Power of Attorney has been generated. Computer generated and signed Power's of Attorney will only be accepted if accompanied by an original certification from a current officer of the surety attesting to its authenticity and continuing validity.

**6. PROPOSAL EVALUATIONS AND AWARD.** A firm fixed-price contract will be awarded to one firm submitting the proposal that:

**6.1. Conforms** to this request for proposals (RFP),

**6.2. Is the technically acceptable, lowest price offer, and**

**6.3. Is determined to be in the best interest of the Government.**

**6.4. To be considered for award,** proposals shall conform to the terms and conditions contained in the RFP. No proposal shall be accepted that does not address all factors specified in this solicitation or which includes stipulations or qualifying conditions.

**6.5. Price.** Price will be evaluated for reasonableness and to assess the offeror's understanding of the contract requirements and any risk inherent in the offeror's approach. Financial capacity and bonding ability will be checked.

**6.6. Award.** It is the intent of the Government to make award based upon the lowest price technically acceptable initial offer, without further discussions or additional information. Therefore, proposals shall be submitted initially on the most favorable terms from a price and technical standpoint. Do not assume you will be afforded the opportunity to clarify, discuss or revise your proposal. If award is not made on initial offers, discussion will be conducted as described below.

**6.7. Competitive Range.** (FAR 15.306(c))

**6.7.1. Competitive Range.** After initial evaluation of proposals, if the Contracting Officer determines that discussions are required, the Contracting Officer will establish a competitive range comprised of the technically acceptable proposals. Discussions will be held with firms in the competitive range.

**6.7.2. Discussions .** Should it be necessary for discussions, the Government will conduct written discussions with only those offerors determined to be technically acceptable. If all proposals are determined to be non-acceptable, at the Contracting Officer's discretion, all firms may be requested to participate in discussions. As a result of discussions, offerors may make revisions to their initial offers. Discussions will culminate in a request for Final Proposal Revision, the date and time of which will be common to all offerors.

**7. DEBRIEFINGS**

**7.1. Pre-award.** Offerors excluded from the competition before award will receive a notice and may request a debriefing before award by submitting a written request for a debriefing to the Contracting Officer within three (3) days after receipt of the notice of exclusion from the competition.

**7.2. Post-award.** Unsuccessful Offerors shall request post-award debriefing within three (3) days after the date on which the offeror received notification of contract award. Point-by-point comparisons with other offerors proposals will not be made, and debriefings will not reveal any information that is not releasable under the Freedom of Information Act.

**8. PROPOSAL EXPENSES AND PRECONTRACT COSTS PROPOSAL EXPENSES AND PRECONTRACT COSTS:** This RFP does not commit the Government to pay costs incurred in preparation and submission of the initial and any subsequent proposals or any other costs incurred prior to execution of a formal contract.

Anyone working on a HAZMAT job (task), where HAZMAT certification is required, shall be compensated at a premium, in addition to the classification working in as follows:

LEVEL D + \$.25 per hour - This is the lowest level of protection. No respirator is used and skin protection is minimal.

LEVEL C + \$.50 per hour - This level uses an air purifying respirator or additional protective clothing.

LEVEL B + \$.75 per hour - Uses same respirator protection as Level A. Supplied air line is provided in conjunction with a chemical "splash suit".

LEVEL A +\$1.00 per hour - This level utilizes a fully encapsulated suit with a self-contained breathing apparatus or a supplied air line.

#### WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- \* an existing published wage determination
- \* a survey underlying a wage determination
- \* a Wage and Hour Division letter setting forth a position on a wage determination matter
- \* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations  
Wage and Hour Division  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board  
U.S. Department of Labor  
200 Constitution Avenue, N.W.  
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
